

Utah Cookies Not Affected by Recent Cookie Withdrawal

Recently Girl Scouts of the USA has received complaints regarding the taste and/or smell of Little Brownie Baker's Lemon Chalet Crèmes.

After research, the bakery determined that Lemon Chalet Crèmes cookies from the 15 lots in question are safe to eat but do not pass the bakery's high quality test. **No other cookie varieties in the product line are affected by this quality withdrawal.** This situation affects approximately 6.5% of Lemon Chalet Crèmes produced for the current season.

No Utah cookies or consumers were affected by the withdrawal.

For more information, view the bakery's web site at www.littlebrowniebakers.com.
