

SOCIAL MEDIA AND EMAIL GUIDELINES

Consistent with national guidelines, girls may use Facebook, Twitter, Instagram, text messages, IMs, and emails as online marketing tools to let family, friends and former customers to market the Girl Scout Cookie Program to friends and family (for clarity, "friends and family" are people whom the girl or her family personally know).

Girls and troops may use private social networking sites (e.g. Facebook, Twitter, Instagram, Pinterest, etc.) to message family and friends about the cookie program. Troops and girls who are at least 13 years old and have parental permission may set up a troop or group social networking site in accordance with the United States Child Online Privacy and Protection Act [COPPA] and the Child Online Protection Act [COPA]. We ask that girls, families, and troops not advertise or post messages or requests on web-based public groups and pages, such as Facebook Yard Sale sites, Marketplace pages eBay, Angie's List, Craigslist or KSL. This also includes social media groups that are labeled as "closed" but include members of the general public. This ensures the safety of our girls and adherence to the cookie sale guidelines, as well as the numerous posting guidelines on websites and social media.

The purposes behind the annual Cookie Program are to help girls develop important life skills and to provide them with the means to participate in great learning experiences. Although we sincerely appreciate the support of our Girl Scouts families, we want to ensure that the girl is the one making contact with customers and filling their cookie orders. If a girl is 13 years old or older, she may use her private social networking accounts to reach out to family and friends about the Cookie Program. Girls under age 13 may reach out to family and friends using their guardians' social networking sites. However, the girl must be the one to send the messages and make contact with potential customers. This helps her to really be a part of the largest girl-led business in the world and it keeps her safe while doing so.
