

Cookie Program Representative

Submit Community (Troops) Cookie Order

No later than posted Cookie Program Representative (CPR) deadline

All orders need to be reviewed by the Cookie Program Representative (CPR). CPRs can monitor this entry easily by looking at the CPR's initial order page. This page is where CPR verifies each troop's cookie order, and then submits Community (troops) cookie order to the council.

Important:

- CPR can only submit Community order **ONCE!**
- If change(s) to an order(s) needs to be made after community order is submitted, CPR needs to contact council.
- Once the council submits its order (contains all troop orders) to Little Brownie Bakers, the council's order **cannot** be changed.

Step 1:

- Login to eBudde™ - <https://ebudde.littlebrownie.com/>

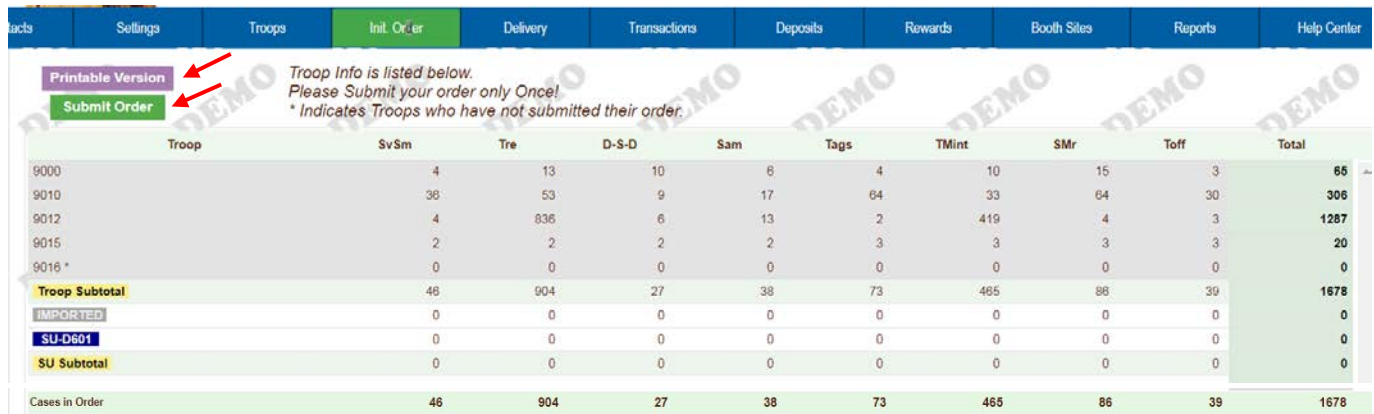

Step 2:

- Click **Init.Order** tab

Step 3:

- Verify all troop orders are complete; contact Troop Cookie Managers if quantities seem excessive; make changes, if applicable
- Click **Submit Order** button; Community order contains all troop orders and is submitted to council.
- Click **Printable Version** button; take copy to delivery station(s) to verify troops receive the correct quantities of cookies.

Troop Info is listed below.
Please Submit your order only Once!
* Indicates Troops who have not submitted their order.

Troop	SvSm	Tre	D-S-D	Sam	Tags	TMint	SMr	Toff	Total
