

Goal Getter Program

Each troop can be a Goal Getter by meeting the following criteria:

10% Increase:

- Troops who increase their troop's initial order* by 10% over last year's program will receive a 2021 Goal Getter patch and Cookie Bling Decals for each girl in their troop who placed an initial order and one (1) set of ice cream bowls for the troop product manager.
- New troops (as of this membership year) must place a minimum initial order* of 280 cases (3360 packages), 10% more than the overall GSU average from last year.

Council reserves the right to substitute items of equal or greater value.

*Troop's initial order (includes girl/troop pre-orders and Digital Cookie girl delivered orders received during the initial order taking time period) is the amount submitted in eBudde™. Review your eBudde™ Dashboard to obtain your troop's 2020 initial order, if applicable. Cookies picked up from the council cookie cupboards and/or from other troops/girls do NOT count towards troop's initial order. Council will use the "Init. Order Percent Change" that is on the troop dashboard to determine eligibility. Troops do not need to submit an online form to enroll in the program.
