NEW COOKIE BUSINESS BADGES

Make the most of cookie season with the NEW Cookie Business badges! Earning a Cookie Business badge is the best way for girls to build essential skills and learn to think like entrepreneurs as they run their own business each year.

Learn more and start earning today at girlscouts.org/cookiebadges.

COOKIE ENTREPRENEUR FAMILY PINS

When girls sell Girl Scout Cookies, they utilize the 5 skills — goal setting, decision making, money management, people skills and business ethics — and learn to think like entrepreneurs. Girls can earn pins for every year they participate in the Girl Scout Cookie Program.

Team up for goal setting:

Girls team up with their caregivers to set goals for the season, including how many packages they plan to sell. They work together on the first step of the Cookie Entrepreneur Family Pin requirement sheet. This activity is designed to connect girls and their caregivers with the five essential skills girls learn through the Girl Scout Cookie Program and help them support development at home.

Earn and learn together:

Girls partner with their caregiver or troop volunteer to explore Girl Scouts' National Program Portfolio and decide which badge or pin they want to earn. Girls leave the activity knowing which badge or pin they will earn this season. Distribute the Cookie Entrepreneur Family Pin requirement sheet to girls at the end of the activity so they can start earning and learning with support from their caregivers after the rally is over.

For more on badges and pins girls can earn, visit girlscouts.org/cookiebadges.

VIDEO GUIDELINES (PG 1 OF 2)

1 Length of video

• These clips can be short and sweet! Each video should be approximately 30 to 60 seconds long.

2 Equipment

- Select a location with good lighting. Use your phone light or add some extra lights to the area to help — if available and needed.
- You can use a phone to take your video, or if you have a DSLR camera, that is even better.
- If you have an external microphone, that is a plus (but not required).
- You can ask a family member to film you, or use a tripod to hold your camera still if you have one. Make sure you stay in view throughout the video.

3 Environment

- Make sure that everything in the background is clean and neat.
- Remove any clutter around the room that might be in view of the camera, including on your bed.
- If you are on a couch, make sure the cushions are straight and in place.

- Please do not have any branded items in view of the video. Please do not wear clothing with visible brand names or logos (except your Girl Scout t-shirt).
- Please do not have any posters in view of the video (unless you have some posters you made for selling Girl Scout Cookies) — feel free to make those types of posters or signs visible.
- Make sure there are no other friends or family members in the background who can be seen or heard when filming.

4 Girl Scout Cookie[™] Props

- Place a few Girl Scout Cookie[™] packages in the background, so they can be seen in the video.
- You don't need to put all of them out just put out one, two or three of your favorites.
- You could place them on a coffee table or end table next to the couch, or on a dresser or table in your room.
- If you want to take a bite out of a cookie at the end for fun, that's OK too, as long as you are not talking and eating at the same time!

VIDEO GUIDELINES (PG 2 OF 2)

4 Girl Scout Cookie[™] Props (continued)

- Make a little sign or poster with your cookie goal (or your troop's cookie goal) for next season on it, to place next to the cookie packages.
- You can talk about your goal, or what your troop plans to do with the earnings.

5 Be camera ready

- Wear a Girl Scout t-shirt or uniform.
- Make sure anything else you are wearing is not too busy (solid color pants are better than a busy print), so the focus is on you.
- Wear that smile. Confidence and a big smile are your best accessories!

6 Speak with confidence

- Look at the camera at the start of the video.
- While talking, look at the camera to check in with your audience.
- At the end of the video, be sure to look at the camera.
- Keep smiling the whole time!

 Be genuine and sincere, and show happiness, energy and excitement when speaking to your audience.

7 Prepare by practicing

 Be sure to practice saying your words with your actions before you get started.
