

January 21, 2022, eBudde email

Dear GSU volunteers, families, and Girl Scout entrepreneurs,

We wanted to make you aware of a bakery inventory issue with our newest cookie, Adventurefuls™.

The initial stock of inventory in the Digital Cookie warehouses for shipping direct to customers is limited. As a result, at the close of business on Monday, January 24, Adventurefuls™ will no longer be an option for purchase through Digital Cookie for shipped orders. Customers will still be able to purchase Adventurefuls™ with the girl delivery option.

The baker has assured us that they are prioritizing initial orders for fulfillment, so this limited inventory will not affect girls' initial orders or girl-delivery orders from Digital Cookie.

Please note that the only cookie variety to experience challenges were Adventurefuls™. Our baker has indicated there are no shortages on any other varieties, and in partnership with another baker, has largely resolved the Adventurefuls™ shortfall.

After initial orders, Adventurefuls™ will not be available until after they prioritize providing product to all councils for initial orders.

Thank you so much for your support of girls in this entrepreneurship program!
