

LEVERAGING NATIONAL SERVICE PROJECTS

"There is no amount of material things that can fill your soul...you get that by giving to others."

-Michelle Obama

GIRL SCOUT SERVICE

- Giving back can help girls and adults feel happier, fulfilled and can provide a sense of agency
- Serving can also be an opportunity to show others our Girl Scout values and position ourselves within our communities.
- Service is part of the Foundational Girl Scout Leadership Experience. Service helps girls discover what it means to be a leader who makes a difference in the world.
