Cornelia Benton Scholarship deadline is less than a month away

The Cornelia Benton Scholarship was started in 1991, thanks to lifetime Girl Scout "Cornie" and has continued as a scholarship opportunity for active, high school senior Girl Scouts to apply for financial aid for their continued education. This prestigious scholarship is awarded based on service, leadership skills, and awards and doesn't consider academic grades or test scores.

The application period for this year's Cornelia Benton Scholarship is now open, and completed applications must be turned in by April 4. The scholarship is eligible to graduating high school seniors who are current Girl Scouts of Utah members and have been actively registered for six or more years. Please note that a letter of recommendation is also due with the application. The complete list of requirements can be found on GSU's website under [Scholarships](#). Regarding questions, reach out to programs@gsutah.org.

Action needed: Submit a completed [application](#) and reference letter by April 4, 2023.

Program Spotlight: Girl Scout Night with the Society of Women Engineers

SWE is back for its spring Girl Scout Night, and they want you to be America's Next Top Engineer!

To become America's Next Top Engineer, you'll compete in exciting and creative challenges for Juniors, Cadettes, Seniors, and Ambassadors, all designed to put your engineering skills to the test. Girl Scouts will compete in a Candy Drop, design a Ski Patrol tool, instruct a robot in Humans vs. Robots, and even build a prosthetic arm. Each team member in this engineering fest will receive a prize, a t-shirt, and a tasty treat. There will also be an adult room for parents and troop leaders to relax while learning about engineering and encouraging Girl Scouts in STEM.

Action needed: Register for [Girl Scout Night with the Society of Women Engineers](#) by April 9.
